

MARINETEK

ROLEC Classic

Rolec service bollards giving lighting, electricity and water are part of the Marinetek marina services package. Rolec offers the largest range of marina bollards anywhere in the world, with each bollard manufactured to individual specifications and conforming to local regulations. Rolec bollards have been tested and certified by the British Standards Institute to the internationally recognized IP65 rating. Rolec has also achieved CE conformity, ISO quality assurance, WRAS water approval and NIC EIC electrical approval. The Rolec service bollards are available in almost unlimited variations and colours and can be manufactured with Foamex, GRP, Aluminium, Galvanised Steel or Stainless Steel outer protective shells.
